

An Armenian Arbitration Week Event

Inaugural Armenia International Arbitration Conference

Increasing Business Confidence in a Globalized Economy through a State-of-the-Art
International Commercial Arbitration Disputes Regime

The Inaugural Armenia International Arbitration Conference is organized by the "Center for Legislation Development" Foundation, Asian Development Bank, European Union (project implemented by A.R.S Progetti S.P.A.), Arbitration and Mediation Center of Armenia, and United Nations Commission on International Trade Law.

The conference, titled "**Increasing Business Confidence in a Globalized Economy through a State-of-the-Art International Commercial Arbitration Disputes Regime**" will be held **on September 4, 2023, at the Armenia Marriott Hotel in Yerevan, Armenia.**

We are excited to share that the establishment of the Arbitration and Mediation Center of Armenia has been officially announced. This significant milestone signifies our progress into the next phase, which involves promoting the center's visibility globally through the organization of this international conference.

The conference aims to gather legal professionals, academics, business representatives, students, and other stakeholders in a dynamic environment of knowledge exchange and discussion. The overarching theme, "Increasing Business Confidence in a Globalized Economy through a State-of-the-Art International Commercial Arbitration Disputes Regime," will explore various relevant topics, including unique aspects of construction disputes, energy and climate change disputes, financial disputes, and recent developments in dispute resolution.

Armenia attaches great importance to the development of arbitration, as evidenced by its inclusion in both the Government Program for 2021-2026 and the Judicial and Legal Reforms Strategy for 2022-2026. The Ministry of Justice, particularly through the "Center for Legislation Development" Foundation, is leading this reform initiative.
